

Parents'/Carers' Safeguarding Evening

During recent years, safeguarding in schools has become increasingly high profile. In response to this, there have been a number of national and local guidance documents published which have led to the development of our own safeguarding policy (available on www.northax.net).

Part of our strategy for tackling safeguarding issues involves raising the awareness of 'risky behaviours' with parents, carers and other family members within our local community. To this end, we have planned our second annual safeguarding evening to take place in school between 6.20pm and 9.00pm on Wednesday 9th March 2011.

The purpose of this meeting is to raise the awareness of current issues surrounding E-Safety, Sexual Health and Drugs and Alcohol Misuse, particularly in relation to secondary aged children. During the evening, attendees will visit three 40 minute workshops delivered by specialists from within the local authority.

If you wish to attend the briefing please complete and return the reply slip below to the school reception by Friday 28th January. If you would like any further information about this event, please don't hesitate to contact me in school.

Yours sincerely,

B Creasy
Assistant Headteacher
